

CUTISS AG, a biotech company spin-off of the University of Zurich (UZH), focuses on the development of personalized bioengineered skin graft products for the treatment of skin defects. Its lead product denovoSkin™ has successfully completed Phase I in pediatric patients. Clinical Phase II studies are underway in Europe and Switzerland.

For our brand new GMP and R&D facilities in Schlieren, Switzerland, we are currently seeking a highly motivated and experienced

Logistics Coordinator (f/m/d), 100%

In this exciting role, you ensure a timely and accurate execution of all warehouse and production activities and will be responsible for the complete management of our GMP facility warehouse, which include the following activities:

Your Responsibilities

- Coordinate purchasing of materials (chemicals and disposables) to ensure availability of goods for GMP production and quality control activities and help to monitor supplier performance
- Inspect incoming products to determine compliance to Materials Specifications
- Write and submit relevant GMP documentation to the Quality department for verification & release
- Establishing standards and procedures for receiving and shipping goods and continuously optimizing the existing storage management system
- Weekly inventory checks of all material in stock (incl. chemicals), coordination of the warehouse area and proactive procurement of production material to ensure operational readiness of the GMP facility
- Responsible for the life-cycle management of laboratory materials, including removal of expired products as well as recycling and waste management

Your Profile

- Apprenticeship as Lab Technician, a degree in Biology Laboratory Assistant ("Biologielaborant mit eidg. Fachausweis") or equivalent
- Min 2-3 years' experience working within a regulated environment (Pharmaceutical industry, Life-sciences industry etc.) is an advantage
- Good knowledge in English and German both oral and written
- Excellent communication and interpersonal skills, proactive interaction with key personnel from different departments within CUTISS and suppliers
- Attention to detail with excellent organizational and record keeping
- Can-do attitude with proven ability to take initiative, multi-task and prioritise to think and react in a very dynamic and high-paced environment
- Must have work permit in Switzerland

We offer

- High pace start-up environment
- Flexible working hours in arrangement with the head of department
- Competitive benefit package
- A young and dynamic team
- 5 weeks holidays (at 100% work quota)

Starting date: as soon as possible or as agreed

Place of work: 8952 Schlieren
